a
Bearing weighting
Relative input, C = S/A
Relative bearing, Δθ (deg)
Exponential prediction
Recomputed inputs
b
Equal-amplitude input structures
Input field, I(α)
Grid angle, α (deg)
Front/back
Left/right
Uniform
c
Weighted input by structure
Relative input, C = S/A
0.568
0.368
0.466
Front/back
Left/right
Uniform
Bearing structure
d
Bearing and neural response
Neural response, y
Relative bearing, Δθ (deg)
Mean, steps 101-120
Symmetric side-bearing
